

Northwind Bicycles – Q3 2026 Operations Report

Fictional test document created by Best AI Apps Finder on 22 September 2026 for testing AI PDF tools. All names and figures are invented.

1. Summary

Northwind Bicycles operates three workshops. In Q3 2026 total revenue was 482,300 euros. The Lyon workshop was the largest contributor. The company hired 7 new mechanics during the quarter, bringing total headcount to 41.

The board approved a new warehouse in Nantes on 14 August 2026. Construction is scheduled to start in March 2027. The approved budget is 1.2 million euros.

2. Revenue by workshop

Workshop	Q3 2026 revenue (EUR)	Repairs completed	Average repair time (hours)
Lyon	214,900	1,806	2.4
Bordeaux	151,200	1,275	2.9
Lille	116,200	988	3.1
Total	482,300	4,069	–

Customer satisfaction was measured with a post-repair survey. The Bordeaux workshop scored highest at 4.7 out of 5; Lyon scored 4.5 and Lille 4.2.

3. Risks and next steps

The main supply risk is the delay of carbon frames from the supplier Velotech, whose delivery slipped from 2 September to 30 September 2026. The operations director, Claire Moreau, will review the supplier contract before 15 October 2026.

The company does not plan to open a fourth workshop in 2026.
